Thanks to the partnerships we've developed and connections with wholesale distributors, when you give to Second Harvest Food Bank, your dollar stretches even farther. The Tennessee Cross Country Course at Cherokee Farm is located north of the UT Day Golf Practice Facility to the east of Alcoa Highway across the Tennessee River from the school's main campus. The racecourse has two loops, one of which is 2K and the other is 1K. The small loops make the course ideal for viewers, with runners having to pass the same point in the course at least three times before arriving at the finish line.
